ALINE THOMPSON

LARGE throngs gathered in the spacious armory last night for the opening of the Lyceum course concert. Madam Grace Hall-Raheloff, who with Alexander Skibinsky, opened the musical season, is justly entitled to her accredited rank among the foremost American sopranos. Although Madam Raheloff has never appeared in Salem before her magnetic and charming personality won her flattering applause. Her voice has beauty and depth of tone and she sings with her whole soul in her work with keen intelligence and deep appreciation of the subtler shades of the composer's thought.

Alexander Von Skibinsky as a violinist, is a skilled artist, his playing is characterized by strength, cleverness and almost flawless technique and his poised personality that bespeak the developed artist of creative capacity.

Would Have Church the Social Center

Portland, Ore., Nov. 30.—"I am in favor of making the church the social as well as the religious center and therefore oppose only 'bad' dances."

This was the statement yesterday of Bishop Walter Taylor Sumner, of the Episcopal church, who Saturday night at Oregon City played a couple of popular pieces on the piano while the parishioners of the St. Pauls Episcopal church danced. The occasion was a parish reception to Rev. Thomas J. Williams, the new rector of the Oregon City church.

"The best way to do away with the so-called 'bad' dances, is to hold good ones in their place," Bishop Sumner continued. "Dances of the right sort are often held in parish houses of the Episcopal church."

"There is no significance in the fact that I played for the parishioners to dance at Oregon City."

Prosecution's Star Witness Under Cross Examination

Los Angeles, Cal., Nov. 30.—Cross examination of George E. Davis, an eastern witness brought here to prove that a nation-wide dynamite conspiracy existed, occupied most of the morning session of the trial of M. A. Schmidt, accused murderer yesterday.

Davis admitted, under Defense Attorney Nate Cogland's questions that he was employed as a strong arm man by the alleged conspirators.

"Are you a professional strong arm man?" Cogland demanded.

"No, I wouldn't say that," responded the witness. "I am only a volunteer."

"Are you capable of putting a man away with your fists?" was the next question.

"Oh, no; I had a blackjack in my pocket," Davis said.

Davis admitted that he was receiving \$6 a day from his employer in Pittsburg, while testifying in the Schmidt trial. He declared he had not been subpoenaed to come here as a witness.

Reichstag Talks of War and Food Supply

Berlin, Nov. 30.—The war and the nation's food supply were the principal topics slated for discussion when the reichstag convened today.

As far as the actual conduct of the war is concerned, leaders did not expect there would be much discussion, but the subject of what the outcome will be and how it shall be financed further seemed likely to be extensively discussed.

That Chancellor Bethman-Hollweg would be asked to state what Germany is fighting for, and what are her terms of peace was almost certain. A request for more than \$2,000,000,000 additional war credit was anticipated.

Organization and routine business occupied the opening session.

Insane Woman Writes To Brides

New York, Nov. 30.—Police sought today a woman "poison pen" writer, believed to be a paranoiac, who has written recently letters to 23 brides charging their husbands with immorality.

All the brides addressed were women whose weddings the newspapers had described at length. The letters were in the same handwriting, and each started, "I write you at random. I am an utter stranger to you," after which came the charges against the husbands.

Postmarks on the letters indicate that the author is an inmate of a Pennsylvania insane asylum.

FRY'S STOMACH JOY IN YOUR VEST POCKET

Daniel J. Fry Has Such Faith In This Dyspepsia Remedy That He Guarantees It.

One of the greatest successes in the sale of medicine has been achieved by Mi-o-na, the standard dyspepsia remedy, and its sale is increasing so rapidly that Daniel J. Fry, the popular druggist, has had work to keep a stock on hand. It is very popular with bankers, ministers, lawyers and others whose business or profession keeps them close confined, while those who have brought on indigestion through irregular eating, worry, or other causes, have found relief in this reliable remedy.

Mi-o-na comes in tablet form and is sold in a metal box especially designed for convenience in carrying the medicine in the pocket or purse. It is pleasant to take, gives quick relief and should help any case, no matter of how long a standing. This remedy has been so uniformly successful that Daniel J. Fry will in future sell Mi-o-na under a positive guarantee to refund the money if it should not prove entirely satisfactory. No other dyspepsia medicine ever had a large enough percentage of cures so that it could be sold in this manner. A guarantee like this speaks volumes for the merit of the remedy.

There is no time like the present to do a thing that ought to be done. If any one has dyspepsia, today is the best time to begin curing it.

Sunk By Submarine.

London, Nov. 30.—The British steamer Deterfall of 1596 tons has been sunk by a submarine.

At these critical times women are best fortified by the use of Doctor Pierce's Favorite Prescription, an old remedy of proved worth that keeps the entire female system perfectly regulated and in excellent condition.

Mothers, if your daughters are weak, lack ambition, are troubled with headaches, lassitude, and are pale and sickly, Dr. Pierce's Favorite Prescription is just what they need to surely bring the bloom of health to their cheeks and make them strong and healthy.

For all diseases peculiar to women, Dr. Pierce's Favorite Prescription is a powerful restorative. During the last 50 years it has banished from the lives of tens of thousands of women the pain, worry, misery and distress caused by irregularities and diseases of a feminine character.

SONS MAY ORGANIZE CHAPTER IN SALEM

Daughters of American Revolution Set the Pace, Sons May Follow

Now that the Daughters of the American Revolution have organized a chapter in Salem, there is a movement on foot among men in the city, who are eligible, to organize a chapter of the Sons of the American Revolution.

Men whose mothers or sisters are members of the Daughters of the Revolution are eligible to the Sons of the American Revolution. In such cases, the papers of the "Daughters" become sources of information by which the men can prove descent from some ancestor who assisted in the establishment of the American Independence.

During the exercises of the naturalization court, November 3, a flag was presented to those who were naturalized, by the Oregon Society of the Sons of the American Revolution. Winthrop Hammond of this city, as spokesman for the Society, referred to the great privilege it was to become an American citizen, and Judge Galloway through his advice to the new citizens, added to the dignity and solemnity of the ceremonies attending the admittance to citizenship. After this session, there was a feeling that patriotic services of some nature should be held at each naturalization court.

The key note of the Society, as suggested by Winthrop Hammond, was that each member should do what he could to assist in educating the foreign born to the duties and privileges of being a citizen of this country.

In Oregon, but one society, which is the parent state society, has been organized, although in almost all states, the state society has been organized, and from this several local chapters established.

From the fact that Salem and this part of the state was settled largely by representative families from the eastern states and New England there is of necessity a large number of the descendants of those who took part in the Revolution living here.

As the matter now stands, Mr. Hammond is the only resident of Marion county who is a member of the State society of the Sons of the American Revolution, although many are eligible to join, and perhaps would do so, if a local chapter was organized.

Although there are 300 in the state, belonging to the State society, Salem is not represented because no effort has been made to inaugurate a chapter here. Doubtless in the immediate vicinity of Salem there are more men to be found who are eligible than in any part of the state, and it is appropriate that the first chapter of the Sons of the American Revolution should be established in the capital city.

Since the recent organization of the Daughters of the American Revolution and the impressive exercises at the naturalization court, a number of men eligible, have signified a desire to be affiliated with the state and national organizations.

With many, the difficulty has been in the preparing of papers of eligibility. In order to join, it is necessary to file proof of descent from some ancestor who assisted in the establishment of the American Independence. The Oregon society has a valuable library of Revolutionary literature, including the official list of soldiers and sailors. This list is of great assistance in proving ancestral service.

Those interested in their family tree, might correspond with B. A. Thaxter, 994 Bryce street, Portland, who is a member of the State society and has access to the records, or take the matter up with Winthrop Hammond of this city, who will secure application blanks.

To secure information of one's ancestors is not so difficult, if the home records in the east are very accurate.

Among those interested in the organization of a local chapter is Winthrop Hammond, who is a member of the Oregon State society. It has been suggested to him that he should call a meeting at an early date of those interested in the forming of a local chapter. Since the Daughters of the Revolution have organized, and since the papers and records of a mother or daughter can be used in proving eligibility, many men in the city can secure their proofs by simply forwarding these proofs to the proper authorities in Washington. The only expense attached to membership is a fee of \$3 for initiation and annual dues of \$3.

Stock Market Weak So Is German Exchange

(Copyright 1915 by the New York Evening Post)

New York, Nov. 30.—The stock market today apparently did not reflect outside news, and its desultory drift continued.

The month of November passed off quietly. The total stock business was far below that of the three preceding months, and it has often been exceeded in other November. Transactions in bonds, however, were the largest in six years.

London and Paris exchange today was noteworthy, though the old British consols and the new 4-1/2 per cent bonds declined. German exchange was a fraction lower than yesterday.

How To Make the Quickest, Simplest Cough Remedy

Much Better than the Ready-Made Kind and You Save 5¢ Fully Guaranteed

This home-made cough syrup is now used in more homes than any other cough remedy. Its promptness, ease and certainty in conquering distressing coughs, chest and throat colds, is really remarkable. You can actually feel it take hold. A day's use will usually overcome the ordinary cough—relieved even whooping cough quickly. Splendid too for bronchitis, spasmodic croup, bronchial asthma and winter cough.

Get from any druggist 2 1/2 ounces of Pinex (50 cents worth), pour it in a pint bottle and fill the bottle with plain granulated sugar syrup. This gives you—at a cost of only 5¢ cents—a full pint of better cough syrup than you could buy for \$2.00. Takes but a few minutes to prepare. Full directions with Pinex. Tastes good and never spoils.

You will be pleasantly surprised how quickly it loosens dry, hoarse or tight coughs, and heals the inflamed membranes in a painful cough. It also stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, rich in gualic acid, which is so healing to the membranes.

To avoid disappointment, be sure and ask your druggist for "2 1/2 ounces Pinex," and don't accept anything else.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

"GEM OF THE PACIFIC" NOW BLACKENED RUINS

City of Avalon Wiped Off the Map—Fire Spares the Catholic Church

Avalon, Catalina Island, Cal., Nov. 30.—Nearly two-thirds of the beautiful island city of Avalon, known the world over as a most picturesque spot, lies in ruins today, the result of yesterday's disastrous fire.

The damage, variously estimated after the fire was controlled at from \$500,000 to \$1,500,000, is stated by the Santa Catalina Island company to be between \$500,000 and \$700,000, about half insured.

Two hundred people are homeless. Teats, food and other necessities have been sent by steamer from San Pedro and while there was considerable suffering during and after the fire, everyone is now being cared for.

All the old landmarks are gone. By a curious freak of the wind, the Catholic church was saved. The fire swept up to its very doors when the wind changed. It stands today serene and untouched in the midst of blackened ruins.

A searching investigation will be made as to the origin of the fire. Many rumors of incendiarism have been heard, but no trace of the alleged culprits has as yet been discovered.

CORN AND POTATO SHOW TOMORROW

Exhibits From All the Community Shows Assembled for Final Display

The second annual Marion County Corn and Potato show will open tomorrow in the Lima building on State street, opposite D. A. White & Sons, and will continue four days.

Practically all the exhibitors who had corn at the community corn show of Aurora, Silverton, Woodburn, Mt. Angel, St. Paul and Astoria, have brought their exhibits to the Marion county show. There is a strong rivalry between the six communities as one of the prizes offered is for the best community exhibit. Folk county will also have a special exhibit on State street.

Judging of the exhibits will begin Wednesday noon. One of the opportunities to be given farmers at this corn show, will be that of buying their seed corn, as already each community has hundreds of bushels on exhibit that will be sold.

The show this year is the greatest exhibit of Marion county corn ever shown at one place, and large of the community exhibits is as large as the entire show of one year ago. It is being held under the management of L. J. Chapin and the cash awards are offered by the Ladd & Bush bank, the Capital National bank, and Dr. E. E. Fisher.
